

Recommendation 161. Protecting the Critically Endangered Balearic Shearwater in the Ebro Delta, Spain

ASB

Year	Congress
2012	
Sponsoring entity	Co-sponsoring entities
	WWF Spain, Foundation for the Conservation of the Bearded Vulture, Balearic Ornithological Group, Foundation Nature and Man.
Petition	
It asks the Spanish administrations that the experimental mario wind project guarantees the protection of the Balearic shearwater and the search for alternatives for the location of the project. Urges the governments of Spain, France, Portugal, and the United Kingdom not to accept projects that affect the Balearic Shearwater.	
State	Fulfilment in Spain
Archived	In process
Summary of actions carried out with effect in Spain
