Petition

Calls on the coastal States of the Mediterranean to: strictly regulate the development of offshore oil exploitation policies and projects; and promote both the development of renewable energy sources and the conservation of natural environments in order to establish a sustainable and coherent plan for the future of the Mediterranean.

State	Fulfilment in Spain
Active	In process

Summary of actions carried out with effect in Spain

Oil prospecting on the coast of Costa Brava and Maresme.

Siroco Project: ten years of opposition to prospecting on the Costa del Sol. (2012)
