## Resolutions and Recommendations Sheets

Petition	
<p>It calls on local authorities to develop local agri-food systems to define and implement policy strategies and action plans at local level. Requests the Director General to: support local authorities in the initiation and development of a food policy integrated with other policies; defend, support and encourage the development and strengthening of pacts between authorities and actors in the local agri-food system; and facilitate at the level of IUCN the sharing and exchange of tools, methods and good practices that reinforce the participatory approach in the territories involved in this type of strategy.</p>
