Petition	
<p>Calls on the coastal States of the Mediterranean to: strictly regulate the development of offshore oil exploitation policies and projects; and promote both the development of renewable energy sources and the conservation of natural environments in order to establish a sustainable and coherent plan for the future of the Mediterranean.</p>	
State	Fulfilment in Spain
Active	In process
Summary of actions carried out with effect in Spain	
<p>Oil prospecting on the coast of Costa Brava and Maresme. Siroco Project: ten years of opposition to prospecting on the Costa del Sol. (2012) Greenpeace's opposition to oil exploration. The Parliament of the Balearic Islands presented a bill to protect the waters under Spanish jurisdiction in the Mediterranean Sea from the threat of oil exploration. The oil company Cairn Energy desists and renounces its project of prospecting in the Gulf of Valencia. Drafting of the "Report on the main impacts of oil prospecting at sea". (2012) WWF and Alianza Mar Blava demand that the government abandon the oil exploration project in the Balearic Islands. (2014).</p> <p>Legislation:</p> <p>DOUE-L-2013-80006 (decision on the accession of the European Union to the Protocol for the Protection of the Mediterranean Sea against Pollution Resulting from Exploration and Exploitation of the Continental Shelf and the Seabed and its Subsoil); Royal Decree 1339/2018 (implementing Royal Decree-Law 16/2017 of 17 November establishing safety provisions for the investigation and exploitation of hydrocarbons in the marine environment).</p>
