Petition	
Requests the Director General to: improve cooperation and communication between the components in the implementation of the Resolutions; promote the implementation role of the National and Regional Committees; review the implementation of the Resolutions; strengthen the automated interactive monitoring system; and report annually to Members on the actions taken to implement these motions. The "Advisory Group on Motions and Implementation of Resolutions" is established to examine current practices and formulate. It instructs the Advisory Group to: build on the body of analysis aimed at

improving the motions process; deepen the analysis of issues relating to the motions process; consider further measures to strengthen the implementation and follow-up of Resolutions; and analyse the causes of non-implementation. Instructs the Chair to: solicit proposals for names to serve on the Advisory Group; determine the composition of the Advisory Group; communicate its composition; and oversee its operation. Requests Members to submit proposals for names to serve on the Advisory Group. Thanks IUCN for providing input into the work of the Advisory Group. Instructs Council to ensure that the work of the Advisory Group is communicated to Members. Requests that each proposal be put to an electronic vote by the end of 2014.

Summary of actions carried out with effect in Spain

One of the most successful and relevant lines of work of the Spanish Committee of IUCN since 2008 is to [promote and coordinate the processes of influence of the Spanish members of IUCN on the international framework of nature conservation](#), mainly through the coordination of motions and follow-up of IUCN Resolutions and Recommendations.

[Platform for IUCN Resolutions and Recommendations. A platform where IUCN](#) members can access each Resolution and Recommendation, upload reports on their activities and monitor their follow-up in the different countries to see if they are being properly complied with.
