<b>Petition</b>	
<p>Calls on Commissions, and in particular on the World Commission on Environmental Law (WCEL) and the World Commission on Protected Areas (WCPA), to: promote and support national and international initiatives oriented towards the conservation and sustainable use of moveable geoheritage, including its proper management in protected areas; prepare guidelines on the protection, conservation and management of moveable geoheritage, and to promote these IUCN guidelines internationally; and promote and support, in collaboration with international stakeholders (United Nations Educational, Scientific and Cultural Organization – UNESCO, International Union of Geological Sciences – IUGS), the discussion on the conservation and management of moveable geoheritage, in compliance with national and international regulations of its commerce.</p>	
<b>State</b>	<b>Fulfilment in Spain</b>
Active	In process
<b>Summary of actions carried out with effect in Spain</b>	
<p><a href="#">Database of the Spanish Inventory of Places of Geological Interest (IELIG)</a>. (2016).  <a href="#">Inventory of Places of Geological Interest (LIG)</a>, as the basis for the elaboration of the Basque Country Geodiversity Strategy.  <a href="#">Publication of The Geological Heritage: a new vision of the Earth</a>. (2019). Includes: Conservation of fossil footprints in an erosive context (Basque Country) and the Valseca Geomuseum (Segovia).  <a href="#">Proceedings of the XXXII Conference of the Spanish Society of Paleontology</a>. (2020). He talks about the movable geological heritage.  <a href="#">Considerations of SEDPGYM to the rural development program of the region of Murcia 2014-2020 and to its selection criteria of financed operations</a>.                      IUCN Quarterly Newsletter No. 24. Winter 2017. Includes: Geología 2017 (a field trip in each province to bring geology closer to the general public) and XII National Meeting of the Geological Heritage Commission. SGE, SEDPGYM and PROGEO initiatives: new contributions to promote geoconservation: Hawaii 2016 resolutions.  <a href="#">Declaration of principles regarding the promotion of collecting and marketing of moveable geological features</a>. (2012)  <a href="#">Declaration of Geoparks since 2012</a>: Sobrarbe (Huesca), 2015; Basque Coast (Guipúzcoa), 2010; Sierra Norte de Sevilla, 2011; Villuercas-Ibores-Jara (Cáceres), 2015; Central Catalonia, 2015; Molina and Alto Tajo (Guadalajara), 2015; El Hierro (Canary Islands), 2015; Lanzarote Island and Chinijo Archipelago, 2015; Las Loras (Castile and Leon), 2017; Orígens (Lerida), 2018; Montañas do Courel (Galicia), 2019.                      Spanish Geological and Mining Institute (IGME). With respect to geodiversity and the conservation of geological heritage, a series of activities and publications are carried out.</p>
